- D. Foreclosure Documents. If a foreclosure is threatened, please provide the documents you have

NOTICE: Giving us your creditor report and/or copies of bills is NOT enough. That does not give us all the information we need. To help you properly, You MUST also fill out a section for every debt.

(4) We Can Help. For \$30 (one person) or \$58 (spouses), we can help you provide this information by accessing the information on your credit report. This service can help you avoid having to fill out these forms by hand for the debts found on your credit report. [Note: This is not the fee to get a credit report. You can get a free credit report each year from www.AnnualCreditReport.com. KreditKarma.com might also be helpful.]
