I wouldn't go to anyone else! 5.0 stars

I am a single Gal and I made some bad choices. Far too many bills, newly divorced and retired. I was just plain scared. I had no idea who to see about Bankruptcy, it isn't something I wanted to share with my Friends or Family. I actually chose Robert by chance and I definitely made the right choice this time! From the time I walked in the door until the day of "court", Robert reassured me everything was going to be okay. If I had questions along the way, Robert's knowledgeable Staff were happy to help. If they didn't know the answer, they made the time to find the answer. I had a million and one questions, believe me. Now they cannot do all the foot work, you will have homework to do. It's your finances, you just have to fill in the blanks. I would not hesitate one bit in recommending Robert. He knows the system and I don't think you can surprise the Guy! He's been there, done that, and he will be with you and for you all the way! Thank you Robert, my life is so much better today because of you and your unwavering commitment in what you do!
